## THE IMPACT OF YOUR SUPPORT

Gladden's mission is to strengthen the well-being of Franklinton's children, families, and community and build a thriving equitable neighborhood.

---

### PRESCHOOL

Our 4-Star Step Up To Quality state-licensed preschool provides 3-5 year olds with a firm educational, social, and developmental foundation that ensures they're ready to succeed in kindergarten and beyond. We enroll over 60 preschoolers annually, and we work to engage preschool parents and guardians in our agency's supportive programs as well.

---

### FOOD PANTRY

The Gladden Food Pantry is one of the largest food support programs in Central Ohio and serves over 1,000 families each month. We meet the ever-rising cost of food by operating with low overhead and with the help of volunteers. We serve the residents of Franklinton struggling with food insecurity, and we make home deliveries to seniors and disabled residents who are unable to come to our Pantry.

---

### AFTER SCHOOL

Gladden's After School Program offers a safe and fun environment where youth receive educational support, structured small group activities, and daily nutritious hot meals. Over 2,000 snacks and meals are served monthly, and 40 hours a month of educational support is provided.

---

## TEAM SPORTS

More than 500 youth each year participate in our team sports program, which teaches important lessons about personal responsibility, leadership, and goal attainment.

## SENIOR OUTREACH

The majority of the seniors we serve live on fixed incomes and have difficulty traveling without assistance. Gladden's Senior Outreach Program helps seniors with their basic needs and offers transportation to help them access groceries and other essential services and necessities. We work with our seniors to help them maintain their independence and continue living safely in their own homes.

## COMMUNITY SERVICES

Gladden's Community Services program is a hub of social services for the Franklinton community, and our programs impact over 2,500 families annually. We work with community partners to prevent homelessness, keep families together, support self-sufficiency, and provide rent and utility assistance as well as linkage to other supportive programs. Our community organizing efforts support neighborhood groups and resident engagement. The ongoing impact of these services improves the quality of life for our community members and for the community as a whole.
